SNFC Sponsorship Information

The Salisbury North Football Club is seeking corporate sponsorship and outline further below our sponsorship packages and details.

We currently have 16 junior football sides and three senior football sides with our A Grade playing in Division 1 Amateur League. Our A grade has been in Division 1 for the last sixteen years and regularly play finals.

We have over 3000 club members and this is increasing on a daily basis. We can tailor a sponsorship deal to your needs up to the major sponsor.

The Salisbury North Football Club would like to build a strong and long lasting partnership with our suppliers and sponsors. All the packages are of great value and your support in this partnership would continue the growth of both Salisbury North Football Club and your company.

As we are contacting all our supplies, there is limited room on our football jumpers, so the first responder will have the first pick of the space.

No other supplier or business in the same industry will be given sponsorships once you have committed to the package.
